Event Speakers

Carolina Parro
Engineering Manager

Carolina is an Engineering Manager in Geneva, and is responsible for the equipment strategic CAPEX and decarbonization. Prior to this role, Carolina was leading the Operations, Maintenance, and Logistics areas at TCP, a 2.5 million TEUs facility in Brazil currently owned by CMP.

She became a Maintenance Manager at 25 and an ambassador for women in operational and technical areas. Carolina has 12 years of experience in container terminals, 3 of those managing managers. She holds an Executive MBA degree (w/ honors) from ESMT Berlin with a recognized thesis on leadership in the low-carbon transition.

Edward Tah
CEO
Saudi Global Ports

As the CEO of Saudi Global Ports, Edward is responsible for all facets of SGP's business in Saudi Arabia, both in Dammam and Riyadh. This includes developing and steering SGP's strategies and policies to ensure long-term growth, productivity and service standards and development of its people.

Prior to his appointment as CEO in 2019, Edward was the Head of Operations at SGP for 5.5 years. He was involved in the construction and start-up phase of the second container, SGP's first project in Saudi Arabia. Under Edward, SGP took over operations of the First Container Terminal at King Abdul Aziz Port in 2020, allowing SGP to become the sole container terminal operator in Dammam Seaport.
